COVER STORY

An Elegant Interior with a Neutral Color Scheme

INTERIOR DECORATING
Goode Interiors, Inc.
Sherri Goode, Designer
Plantation, Florida
(954-701-6149)

PHOTOGRAPHY: Darryl Nobles,
Dream Focus Photography

Sherri Goode's goal in mind was to make the interior of this home feel open, throughout with a soft contemporary vibe. Using a monochromatic color scheme gave the ability to pop the spaces with color in the art work.

The "Formal Living Room" had to have the "wow factor", says Goode! It is the main focus when entering into the home. A myriad of finishes such as boucle fabrics, black glass combined with metal and gold finishes. The floors thorough out the main living area were comprised of 48" x 48" porcelain/rectified tiles with a creamy marble look appearance. This open floor plans allows for great entertaining throughout. The boucle sofa and swivel chairs created the elegant feel. The stationery window treatments flanked each side of the doors to frame out the space to separate the interior from the exterior.

- CONTINUED ON NEXT PAGE -

The "dining room" is another very important space in this project to have the ability to entertain in. The Italian dining table and buffet created a formal look ... Draped from above is a beautiful light, airy and playful chandelier.

The abstract artwork created the pop of color that was the goal throughout. A custom mini bar comprised of tambor wood and quartzite stone was adjacent to the dining room which allowed for the perfect convenience of entertaining.

- CONTINUED ON NEXT PAGE -

Once you enter the breakfast area (left) you are now in the main entertainment room. Suspended over the Italian dining table is a Schonbek crystal and gold light fixture. Once again, keeping the elegant vibe. Stationery window treatment panels separated the interior space from the exterior views.

The “kitchen” was a true Labor of Love for Sherri. She had a tough deadline to meet. “32” days to complete and install new floors, design and install an entire kitchen, coffee bar, mini bar and entertainment wall.

Mission accomplished to meet the holiday deadline.

The kitchen cabinetry exceeded the typical 8’-9’ height. The upper cabinet height surpassed 12’. The cabinets were two toned with LED lighting from above and below the upper cabinets. European mechanisms were used throughout. Crystalo quartzite counter tops were used with a 2” thick mitered edge on the perimeter of the kitchen. The island is cantilevered with a 3.5” thick mitered edge flanked by a waterfall on one side. A linear pendant light fixture with smoked glass and crystal added the perfect touch to the space. Abstract art adorned the walls to create the pop of color.

- CONTINUED ON NEXT PAGE -

The family room is where all the fun begins. This open floor plan allows for great entertaining times. Contributing to that is the cantilevered kitchen island and breakfast table all-in-one open setting.

The large glass coat triptych art work with huge pop-in color adds a warm and fun vibe to the space while the contrast of the dark sectional on the cream-tones floor adds warmth.

The master bedroom is light and airy with a contrast in the large format, porcelain tiles throughout the entire master suite and bathroom! A neutral color scheme creates the warmth that was desired. The master bathroom was fully tiled from floor to ceiling in a marble look porcelain 24" x 48" tile.

The common theme used throughout the interior was accomplished by using multiple textures, mixed with neutral tones and a pop of color in the art work. The combination of these finishes emitted warmth and an "Elegant" feel. My client's can be described as genuine, down-to-earth, unpretentious in nature with True impeccable taste. True Class Acts!

Aegean Sea Vibes in Fort Lauderdale

INTERIOR DESIGN Perla Lichi Design, Perla Lichi, Pompano Beach
TEXT Albert Addams
PHOTOGRAPHY Barry Grossman

In Perla Lichi Design's latest oceanfront masterwork, Perla integrates modern sophisticated principles with playful Hamza motifs. The dining room's view of the sprawling city and vast azure sky geometric-inspired feature wall and fine LED integration evoke a chic and elegant mood, showering glorious radiance from the polished white marble floor. Intricate figure sculptures adorn the scene, expressing the avant-garde sensibilities of high art.

- CONTINUED ON NEXT PAGE -

Entering the living room, visitors are met with floor-to-ceiling windows bathing the space in natural light, highlighting the polished white porcelain floors that gleam like a pearl. Plush creme couches and calming royal blue chairs are strategically placed to invite conversation and relaxation. The various blue hues from the Hamza eye theme are peppered throughout the living space, manifested in the fluid patterns that symbolize the Atlantic waves that can be seen from the balcony.

A statement rug, custom designed by Perla Lichi, is a kaleidoscope of explosive blues and grays. The impression is that of the wild and untamed ocean itself, yet soothing and serene as cresting sea foam as it drifts along the Florida coast. Above the seating area is a vast and reflective multileveled ceiling with a sleek and chic LED halo that radiates and envelopes guests like a loving embrace.

- CONTINUED ON NEXT PAGE -

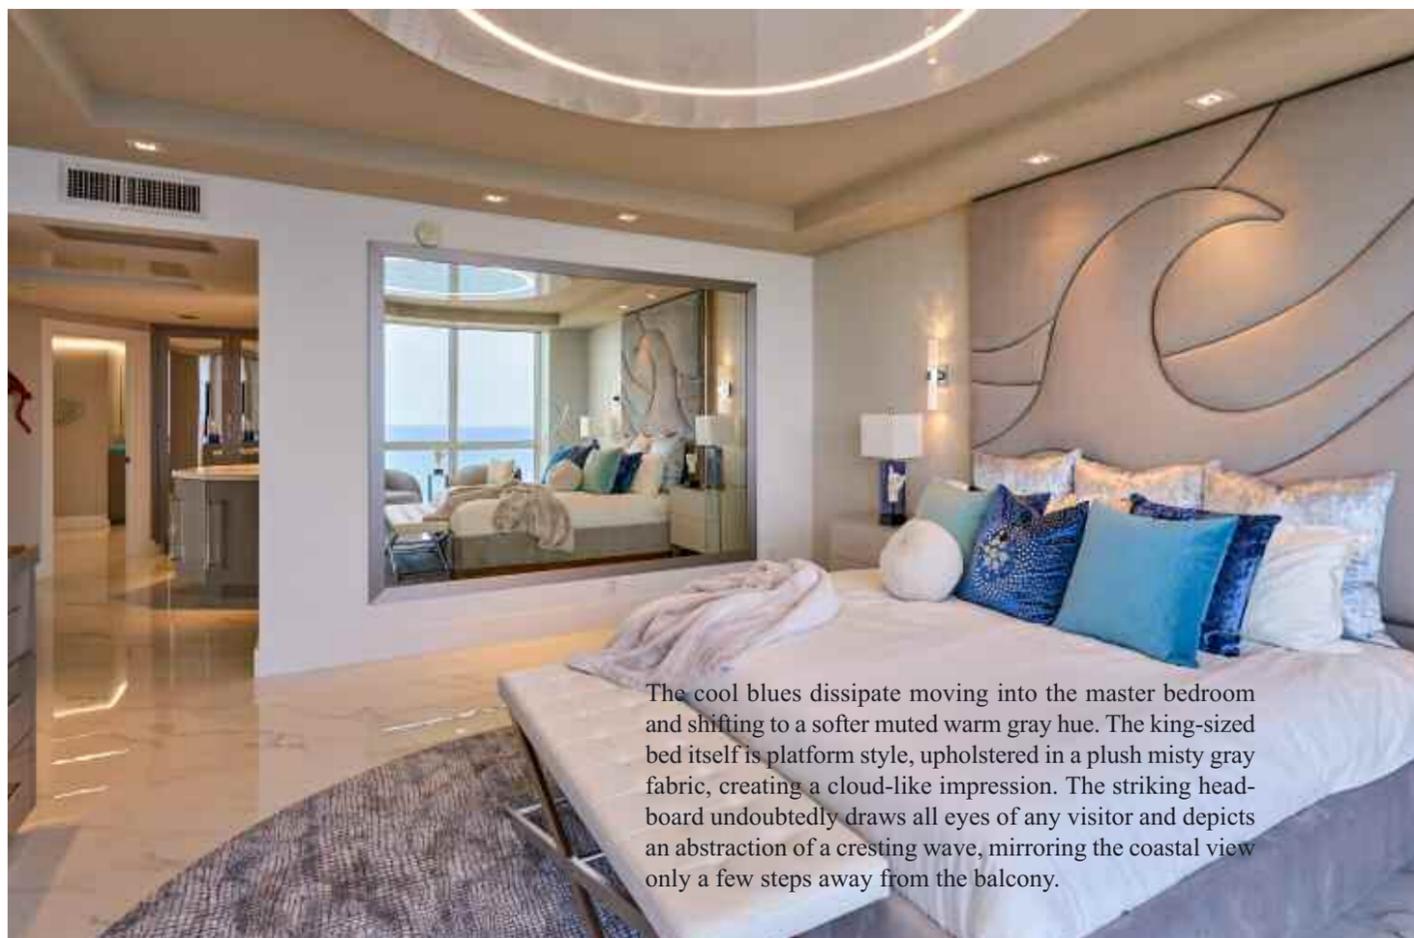

The kitchen seamlessly integrates with the living area, creating a sense of open flow. Here, the blue hues are more restrained with a brighter and more airy tone. The magnificent and monolithic blue marble slab countertop is not just a bold and stately Perla Lichi signature, but also a practical and sturdy surface. Its sophisticated majestic perfection just might inspire the next step in human evolution, and it is back lit, making it the sparkling jewel of the apartment.

Perla Lichi reiterates her design philosophy and harmonizes all the motifs and pallets, not just in the main living areas, but also throughout the spa-like master bath. Gold accents are introduced to establish an elegant ambiance. Blue and warm gray highlights are woven throughout the space and into the mosaic tiles which glisten and shine from the dazzling and reflective acrylic art.

Perla Lichi's signature is evident in careful design choices throughout the apartment. The overall effect is one of sophisticated elegance, where modern luxury meets artistic expression, all imbued with the protective charm of the Hamza eye motif.

The cool blues dissipate moving into the master bedroom and shifting to a softer muted warm gray hue. The king-sized bed itself is platform style, upholstered in a plush misty gray fabric, creating a cloud-like impression. The striking headboard undoubtedly draws all eyes of any visitor and depicts an abstraction of a cresting wave, mirroring the coastal view only a few steps away from the balcony.

Even the closet couldn't just be a place where the occupant stores their clothes. Perla Lichi's closet or as she calls it "boutique" is intended to be an extension of the owner's personality and tastes. This spacious wardrobe shines as bright as any other room and features floor-to-ceiling mirrors, as well as the recurring motifs of the onyx slab countertops.

Perla Lichi's keen eye for details and design that seamlessly flows through a home while surpassing her client's expectations remains one of her most raw talents. Whether it's a modest powder room or a stately dining hall, Perla Lichi and her design staff's flexibility and panache for innovative concepts define their pursuit of home design excellence through elegance.
