## Disappearing Home Theater!

The Next Evolution of Home Entertainment

For home entertainment enthusiasts seeking the pinnacle of cinematic experiences.

Cutting-edge laser digital projector, with retractable 120" screen and a sleek cabinet it all folds into when not in use.

Transforming your living room into a movie theater, with unparalleled clarity and immersion. Ensure that every movie night or ball game is an unforgettable journey into the world of captivating visuals and immersive sound.

**Customer Review:** It's impossible not to be impressed. It gives a true Movie Theater experience on a huge screen. After using it for a few weeks, I got used to the 120-inch picture, and it made every other screen in my house seem small; it's hard to go back to watching a regular TV after this.

# Oceanfront Penthouse

By Retro Interiors

**INTERIOR DESIGN**

**Design Principal ASID,1249796**  
**NCIDQ**  
**Wilton Manors, FL.**  
**TEXT: Jerry Windle**  
**PHOTOGRAPHY: Berry Grossman**

Aaron Taber, AISD, is an interior designer and co-owner of ICT Design Showroom and Retro Interiors in Wilton Manors. With 30 years of experience, he has worked with South Florida residents to create their dream homes, including over 30 residences in L'Hermitage.

L'Hermitage is one of Fort Lauderdale's premier luxury residential communities, set on ten beautifully landscaped acres directly on the Atlantic Ocean. This modern penthouse residence spans 5,000 square feet and offers breathtaking 180-degree ocean views, epitomizing upscale coastal living. The interior features a predominantly white and neutral color palette, accented with subtle splashes of color, showcasing clean sophistication and elegance. Taber transforms his clients' visions, desires, and functional needs into a perfect home.

At the heart of the living space is a large, curved Bracci sectional sofa in pristine white, complemented by stylish patterned and textured throw pillows for added comfort. Two fashionably designed swivel armchairs from Century enhance the seating arrangement, striking a balance between comfort and aesthetic appeal. A sleek glass coffee table with a metallic frame and silver leaf lower shelf by Vanguard anchors this area atop a plush gray shag rug, adorned with minimalist decor, including sculptural white orbs and a flourishing orchid centerpiece

- CONTINUED ON NEXT PAGE -

For the wine connoisseurs residing here, Taber creatively incorporated an existing structural column to beautifully craft a floor-to-ceiling wine cellar that optimally utilizes space. Each side of the cellar features independent temperature controls, providing the homeowners with two distinct refrigerated areas—one for whites and one for reds.

Inspired by the homeowner's love of entertainment, Taber designed a remarkable leisure area, highlighted by a backlit bar counter showcasing the angular design of semi-precious natural metamorphic Crystallo Extreme Quartzite surfaces. These surfaces radiate a soft glow, creating a refined and upscale ambiance. Four bar stools upholstered in rich merlot leather by Interlude, paired with sleek chrome frames, are neatly arranged along the counter, offering a striking contrast and inviting seating for memorable home entertaining.

Behind the counter, built-in shelves with glass paneling display an array of premium liquor bottles and glassware. Thoughtfully integrated lighting enhances these shelves, spotlighting the curated collection and adding depth to the overall space. A decorative sculpture crowns the display, injecting artistic flair and serving as a focal point that elevates the aesthetic of the area. This bar area seamlessly combines form and function, reflecting contemporary elegance and providing an ideal setting for entertaining or relaxing in style.

**- CONTINUED ON NEXT PAGE -**

The centerpiece of the open-concept kitchen is a large, curved island adorned with an underlit Crystallo Extreme Quartzite countertop, enhancing the space's visual appeal. Along one side of the island, four merlot leather bar stools are neatly arranged, creating a comfortable area for casual dining or socializing. Above the island, five elongated crystal pendants contribute a touch of contemporary elegance.

The dining area features a contemporary glass table surrounded by high-back white chairs that exude modern elegance. Complementing the custom-designed kitchen by Sunshine Alliance Cabinetry and Millwork, Inc., a stunning chandelier made of cascading metallic and crystal pendants serves as a striking focal point. The ceiling is a design masterpiece, showcasing layered circular recesses with integrated lighting that add architectural depth and ambient illumination. Floor-to-ceiling windows frame sweeping ocean vistas, flooding the room with natural light and reinforcing a vibrant, airy atmosphere.

**- CONTINUED ON NEXT PAGE -**

The primary suite is a stylish and modern bedroom with a unique geometric design. The focal point is a large custom designed upholstered headboard by Taber featuring an abstract pattern of intersecting dark gray wood framework against a lighter gray fabric back ground. This design extends to the ceiling, creating a dramatic and cohesive look. Soft, ambient lighting is integrated into the geometric pattern adding a touch of sophistication. A king size bed is positioned in front of the headboard, covered in a textured gray comforter and accented with decorative pillows in shades of mauve and gray. Two dark gray night stands flank the bed: each topped with a crystal multi-layered geometric faceted lamp. The Bed sits atop a plush, light gray area rug adding warmth and texture to the space. The walls are painted in a light, neutral tone, providing a calming backdrop. Large windows allow natural light to enter he room. The overall impression is one of contemporary elegance and comfort, with a focus on geometric design and luxurious textures.

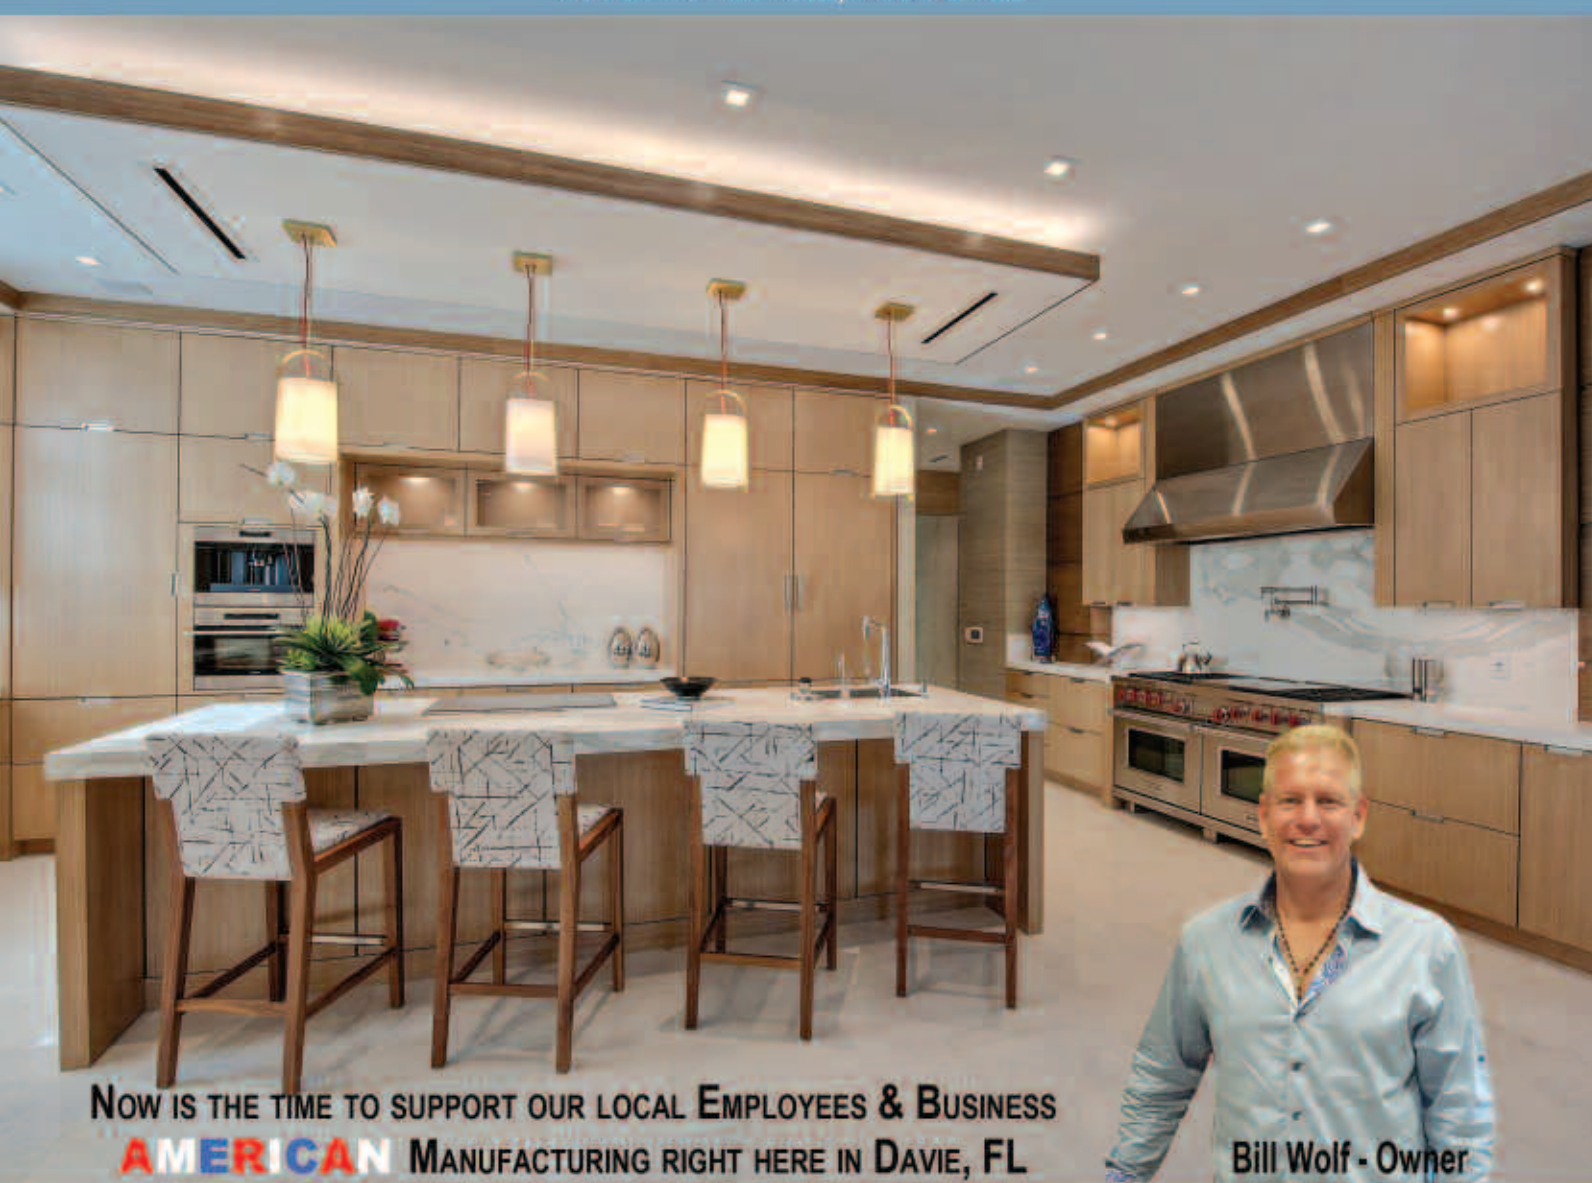

The main suite features a luxurious and modern primary bathroom. The focal point is an asymmetric freestanding tub positioned on a slightly elevated platform. The walls are adorned in pearled textured, light gray tile. A sleek, silver chandelier with a unique crystal chard fringe design hangs in the center of the space adding a touch of elegance. To the left, a glass enclosed shower features a floating built-in bench and a rain-fall showerhead. Along with an LED light enhanced niche. On the right, a custom designed vanity in a metallic gray finish with a white quartzite counter top and a large mirror framed in the pearled textured light gray tile. The make up area features a Lucite klismos chair by Interlude. The flooring is a light-colored Italian porcelain tile with subtle veining contributing to the bright and airy feel of the space. Overall, the bathroom exudes a sense of tranquility and sophistication. - THE END
