**Customer Review:** It's impossible not to be impressed. It gives a true Movie Theater experience on a huge screen. After using it for a few weeks, I got used to the 120-inch picture, and it made every other screen in my house seem small; it's hard to go back to watching a regular TV after this.

## COVER STORY

# SPECTACULAR LIGHTING & GEOLOGIC FORMATIONS FOR A CONDO

INTERIOR DESIGN: Perla Lichi Design  
CONTRIBUTING AUTHOR: Albert Addams  
PHOTOGRAPHY: Craig Dennis

Perla Lichi Design's team loves nothing more than to realize their client's desires and in this latest new construction project, the vision was to emphasize lighting and the magnificence of geologic formations. When entering this lengthy South Florida unit, the first thing visitors will note is the extensive embellishment of LEDs installed throughout the hall that perfectly taper on corners. The polished marble floor gleams and bounces the incandescence, illuminating the entry with pure white radiance.

The client's whimsical tastes are reflected in the amethyst motif peppered throughout the unit. Crystal, quartz patterns are accented in a variety of tactically placed accessories, furniture, and most notably; the slab wall adorning the 4K monitor. The piece commands the attention of anyone who steps in the unit, guaranteeing a double take and maybe a jaw hitting the floor in sheer amazement. An LED strip binds the slab, creating a pleasing frame of light, inviting guests to relax in the metallic purple sectional and its playfully placed throw pillows.

- CONTINUED ON NEXT PAGE -

The polished white dining table is positioned running from a wall-mirror that stretches from the floor to the stretch ceiling. Adorned with crossing, oblique LED strips, the light powerfully reflects and creates an ethereal atmosphere that keeps the entire space evenly lit at all times. These lines not only delineate space but also invite a sense of order and calm. Walls seamlessly meld into furniture, which in turn converses effortlessly with architecture, creating a visual language that speaks of unity. “Less is more,” minimalism reigns supreme.

The gross incandescence makes colored accents explode. The rich purples, cool lavenders, and creamy champagne hues create a lavish and opulent ambiance. The brightly lit space makes the home feel like it’s a sunny day even when looking out the window to view the Atlantic ocean during a steamy summer evening.

- CONTINUED ON NEXT PAGE -

Fanning out to the side of the unit’s length is the luxurious master bed, where the bright light and amethyst motif continues. At the end of the room are stately throne-like chairs and their elongated backrest and diamond cushion stitch resemble something out of a fairy tale. These are wonderfully comfortable and are arranged to view the Florida Atlantic coast to enjoy some tea or light reading before slipping into the opulent king-sized bed with purple, all-leather bed frame and hand-stitched Italian leather.

The mood is dreamy and the geometrically shaped mirror and hyper-sphere chandelier make the master bedroom distinct from the rest of the home. The reflective ceiling, specular materials, and LEDs were curated with Perla Lichi Design’s ever-discerning eye, carefully selected to both serve a purpose and evoke emotion. The focus on functionality does not overshadow the pursuit of beauty; instead, it becomes a tribute to the elegance of utility. Furniture becomes a choreographed ballet of practicality and aesthetic allure. These colors breathe life onto the feature headboard, allowing textures and design elements to take center stage. It’s a celebration of restraint, where the absence of excess becomes a powerful statement in itself.

The master bathroom’s main feature is its amethyst slab vanity and purple, lurid wallpaper patterns. Perla Lichi’s palette whispers in soothing airy purples, punctuating the composition with audacious color. The duplication of the surroundings from the massive vanity mirror’s resplendent surface, crafts a diaphanous portal creating extra dimension. This mirror-borne simulacrum beckons the gaze, drawing it into a realm where spaces intertwine in a beguiling rhapsody.

Glass balustrades ensure unobstructed views, allowing you to savor the sights in uninterrupted serenity. Stepping onto the vast private balcony, you're embraced by the gentle sea breeze and cheekily placed poodle shrubbery. A lounge area beckons with chic, modern furnishing, inviting you to savor moments of tranquility or entertain in style against the backdrop of the captivating skyline and Atlantic coast.

At Perla Lichi Design, the mundane surrenders to the sublime. Spaces morph into havens of orchestrated allure, each element a meticulous brushstroke in the grand tableau of luxury. Light, sculpted in cascades of crystal chandeliers and luminescent pendants, dictating the mood of the room like a theatrical spotlight. Texture becomes the spectrum in a manager of polished marble, gleaming quartz, and shimmering fabrics that harmonize. Perla Lichi's deliberate orchestration of the senses is an instant elevation from the quotidian to the divine.
