HOME OFFICE DESIGN SOURCES

Closet Factory

Closet Factory is nationally recognized as a leader in custom organizational storage system style. In addition to closets, Closet Factory also offers cabinetry, kitchen designs, wall beds, entertainment centers and much more. Featured here is a home office designed with clean lines that pair perfectly with the chandelier. Design your space to match your style! Designed by Alex Elson. Deerfield Beach. 954-979-5150. www.closetfactory.com

Toby Zack Designs, Inc.

Nowadays, the home office is probably one of the most important spaces in the home; a reason why, in addition to functionality, it is imperative that the design creates an inviting and calming place for relaxation, work and family time. The space is designed with an ample desk area and extensive open shelves to create a balance between the two. The use of a sleek sleep sofa, as the anchor piece, allows for the room to be used as a guest bedroom or office. tobyzackdesigns.houzz.com

Perla Lichi Design Comfort and serenity are two words that best describe this home office layout designed by Perla Lichi. The homeowner's goal was to work at home while maintaining a productive and serene environment. This extra bedroom was smartly converted into a full working space and affords excellent lighting and a view of the surrounding Florida landscape. The style combines modern with retro design and features several organic elements to carry the look of the rest of the home. The highly functional walnut desk perfectly coordinates with the ever-so-comfortable chairs, which makes this home office great for productivity without sacrificing luxury. www.perlalichi.com. 954-726-0899

Relaxed yet sophisticated décor in this Country Club home. A completely renovated residence by Sheri Kesten, takes an old fashioned floor plan designing a new and fresh look. This 25 plus year old house morphs into a contemporary and updated space. Goodbye columns, arches, and angles; hello new and sleek architecture with contemporary sharp and hip design. Walls torn down create wide open spaces, bring the view to life, and embrace casual and relaxed living.

Have breakfast or lunch at the two tiered island with the raised countertop. The all white kitchen, clean and easy to live with finishing a cheerful and bright living environment. Art and fun fabric on pillows bring in the pop of color, in contrast set against urban cement tiles and the palest of dove grey on the walls.

Play pool, while relaxing with a glass of wine or have a martini at the bar. Opening up the space enhances spontaneous and comfortable design for optimal entertaining.

Wind down and retire to the bedroom with a soft and monochromatic palate.

Read a book on the chaise, cool down and look out at the view, or watch a movie in this comfy upholstered bed. The Cowhide rug on these 48" square tiles finish the perfect elegant yet unpretentious bedroom.

THE *BOMBOM* COLLECTION NOW IN ROCHE BOBOIS SHOWROOMS!

BRILLIANT COLORS AND ARTISTIC DESIGN GO HAND IN HAND WITH A NEW FURNITURE LINE AT ROCHE BOBOIS. In 2019, while visiting the Roche Bobois Lisbon showroom in search of a lamp, Joana Vasconcelos discovered the Mah Jong sofa, designed by Hans Hopfer in 1971. She was born that same year, which she interpreted as a sign: a collaboration began to form. The Bombom collection is the perfect unique design solution for interior designers as well as homeowners with an eye for art combined with comfortable home furnishings.

A few months later, the brand entrusted the artist with six of their designs and gave her carte blanche to reinterpret each piece: two Ava chairs, the Lady B and Nuage armchairs, the Seismic and Cute Cut tables as well as the iconic Mah Jong.

Launched in Fall 2020, in celebration of Roche Bobois' sixtieth anniversary, Roche Bobois has decided to continue the

dialogue with Joana Vasconcelos by asking her to design a collection of seating and decorative accessories. Maintaining the point of view of an artist rather than a designer, she took on the challenge of designing pieces intended to interact with a wider audience. The end result is a series of multifunctional pieces that are playful, alluring and optimistic.

In the living room the neutral palette continues creating interest by mixing textures in the different elements, Cotton Sofas, matte lacquered linen top cocktail table sitting atop a masterfully handcrafted silk rug from Nepal. The pale backdrop allows for the showcasing of the owner's extensive collection of art pieces.

The Kitchen area with the views from the ocean continues with the serene and neutral palette of bone cabinetry accented with polished stainless faucet and hardware; Beyond the open kitchen is the dining area; The dark-stained custom-made oak table is from The Toby Collection designed as a solution for a small dining area.

The simply refined bedroom is restful and sophisticated, anchored by the Ecrú silk button-tufted upholstered bed accented by Lacquered night tables with embedded bronze handles. To complement the space an Ecrú silk upholstered chair matching the bed is placed adjacent to the bed.
