CONTEMPORARY COMFORT

INTERIOR DESIGN Toby Zack Designs
3316 Griffin Rd, Fort Lauderdale, FL 33312 (954)
967-8629

This project required the design to be useful to the husband and wife and their young child and at the same time blend with the owner's extensive art collection and the additional pieces Toby suggested to them. Warm and soothing is an important attribute to the interior design created by Toby.

The several views of the living room give a comfortable feel to the living space. Toby selected sofas, chaises, and chairs from famous Italian and French furniture manufacturers for this home. Extraordinary fabric were selected by Toby highlighting finishes and tones that complemented the look achieved.

- CONTINUED ON NEXT PAGE -

Every part of the house can be used. No area is hands off; not even for the owner's young child. As you can see the living room is a central gathering place for the family and friends. Toby made the six-foot long television the focal point of the room, This very large room can be enjoyed from every corner. The TV can be seen from both seating groups and is ideal for entertaining large groups.

Toby manages to combine minimalist with comfort using many soft textures that invite lingering while maintaining a simple aesthetic. The bone-colored sofa made in Italy for the Toby Collection is made for comfort. The seats pull out, the backs recline, and pieces convert into a family-friendly seating area. When the party is over, the sofa and matching chaises look militaristic chic

- CONTINUED ON NEXT PAGE -

*Toby keeps the
design clean
and simple*

The simplicity of the furnishings highlight the owner's art and collectable objects seen throughout. Toby keeps the design clean and simple to allow the art to be as important as the furniture. The dining room area blends effortlessly from the living room. The glass top dining table and dining chairs are from The Toby Collection.

Toby's signature white orchids are seen throughout. Toby achieved for the owner contemporary comfort. Toby designed multi use pieces that achieve exactly what the owner's desired.
