## INTERNATIONALLY KNOWN ARTIST IS TURNING HOMES INTO GORGEOUS GALLERIES!

Introducing Orna Amrani, a notable cultural human sculpture artist has gained recognition for her innovative, three dimensional original creations which are on exhibit in galleries all over the United States and abroad. She is well known, particularly among the art community for her original works, which have received top awards.

### ART IS IN HER GENES.

Orna's artistic developments started at a young age. She was born in Haifa, Israel, to artistic parents; her mother created beautiful drawings and sketches and her father, in his spare time, sculpted with hard materials, including bronze and other metals, transferring his talents to Orna. After graduating from high school, she studied art at the University of Haifa and served in the Israeli Air Force.

### AN EYE FOR COLOR AND DECOR

What makes her talent so attractive to homeowners is her eye for color and coordinating her paintings and sculptures with a home's interior, making a house something to be proud of.

### ART CUSTOMIZED FOR HER CLIENTS!

What's best is that she creates art and customizes every project according to her clients' tastes, style, and needs. In short, she turns a house into a home that reflects her clients' personalities and specific tastes in art and decor.

COVER STORY...

# *DESIGN FEATURES A FUSION OF POP ART WITH MICHELANGELO*

**H**ome is a canvas for your personal sanctuary for you, family, friends, work and simple reflection. Amid a retro space that's a classic design featuring a fusion of pop art with Michelangelo, Lichi combines architectural elements with touches of color and opulence, which tie into your home with a timeless approach including personal heirlooms and memories. Lichi focuses on designing each home uniquely – one-of-a-kind rather than sticking to a standard style. In her retro-designed home, she adds the original pop art-work over the living room sofa by artist, Adam Lichi.

Today’s kitchen has become the center of the home for culinary delights, family, socializing and even working with your laptop and notepad. “The kitchen has become the heart of the home because it’s the first place we gravitate towards when we’re entering our home and ultimately where we relax and group our conversations for all types of social and family entertainment,” says Perla Lichi, CEO of Perla Lichi Design.

With the recent home-bound lockdown, many of us have found new things we miss and enjoy about our home and things that need to be updated. While many things will forever be changed -- a lot of new lifestyle habits formed for

the future of our homes. In today’s transition of “being home” as a comfortable experience plus a future path. Renovations of current homes are becoming a large part of today with being at home more frequently today.

More features are required for your kitchen today. This includes counter height seating for 8-10 with a comfortable ambiance including a touch of color with accessories and other items. These items can work fluently into subtle white and grey easy to maintain countertop surfaces and cabinetry. This clean-line approach includes adding a key touch of décor lighting which brings a warm yet designer-friendly ambiance to a space which will be used more now than ever.

With today’s new circumstances, many have decided to renovate their homes with new looks. Time spent in homes today and as we move forward will be substantially greater than ever before. Therefore, creating a space with all the important comforts is important. This includes all-new kitchen & bathrooms; overall new look which meets today’s tastes; Outdoor escapes such as patio, pool, gazebos and other forms of utilizing the home both indoor-outdoor; creating additional rooms for work-at-home, gym-fitness centers, organization, hobbies and more.

- CONTINUED ON NEXT PAGE -

Additionally, adding a touch of color from the living spaces into our bedrooms are a great way of tying in the splash for consistency.

*“Our bedrooms have also become the center of comfort”*

– With walk-in closets including organizational systems and storage areas, which are easy to locate your ready-to-wear clothing and keepsakes.

From the bathroom with a white space and glass shower door to bedroom with glamor, today’s home is something we see as our daily space therefore signature timeless classic design with an edge of personality is even more important than ever.

## FRESH CONTEMPORARY TOUCHES IN A BOCA CONDOMINIUM

DESIGNER Toby Zack Designs  
Phone (954) 967-8629  
PHOTOGRAPHY Joe Lapayra

With clean lines and an uncluttered look this Boca Raton condominium reflects a Philadelphia couple's desire for an easy to live, uncomplicated getaway. The owners wanted a sleek contemporary look that was achieved beautifully. The owners want fitted Toby's palate perfectly. Toby's signature, classic modern approach keeps things open and uncomplicated. The flooring is honed limestone in large squares for colored walls and fabrics are contrasted with the liberal use of mahogany furnishings including a console in the foyer and an Antoine Proulx table with A. Rudin chairs in the Dining Area. Tone on tone fabric on the chairs and subtle pattern.

The master Bedroom is done in a change of color and style. The owner wanted a more traditional look. The custom bed with light blue silk head and footboards accentuates the light blue walls. A chaise with BrunschwigsFils fabric matches the draperies

Toby's favorite room is the Den. Cream walls transition to chocolate brown. Deliciously wrapped in glass cloth wall covering the Den became a space of comfort and style. Toby selected custom low-set wood cabinets with stainless steel trim for style, storage buffet space. The result of Toby's work created a spectacular home for the owners. They now enjoy more than half a year here.
